UNDERLYING CONDITIONS

| | | | | | |
|---------|-------------------------------|---------------------------------|---------------------------------|------------------------------|---------------------------------|
| Poverty | Social Determinants of Health | Inequitable Access to Resources | Changes to External Environment | Lack of Coordinated Response | Lack of Organizational Capacity |
|---------|-------------------------------|---------------------------------|---------------------------------|------------------------------|---------------------------------|

Underlying Conditions That Inform Our Work

- Social Determinants of Health
- Poverty transcends a lack of income
- Systemic Racism
- Under investment in organizational core capacities and innovation
- Structural inequities to go unchallenged

Social Determinants of Health

What are social determinants of health?

Social Determinants of Health (SDOH) are the conditions in the environments where people are born, live, learn, work, play, worship, and age that affect a wide range of health, functioning and quality-of-life outcomes and risks. **SDOH can be grouped into 5 domains:**

Social Determinants of Health

Economic Stability
Education Access and Quality
Health Care Access and Quality
Neighborhood and Built
Environment
Social and Community Context

Evaluation Plan & Report: Example

OUTCOME 1 (Increased Stability): Please type/write in your indicator for this outcome on the line below.

(1a) Increased Access to Needed Community Resources

| What tool will you use to measure this indicator (your own or one of the samples on the website)? | When will this tool be used with your clients? | How will you analyze the results to show the change (increase, improvement, etc.) defined by the indicator? | What system will you use to manage/computerize and analyze your evaluation data? | How will you determine that a client has achieved this indicator? (Ex: "Clients will achieve this indicator if they have lower post-test scores than pre-test scores on the ABC Depression Index.") | Anticipated Outcome (include # of clients to achieve indicator, and any other quantifiable results expected) | Actual Outcome (to be reported at the time of Final Status Report) |
|---|---|--|---|--|--|---|
| Participation/Use Tracker | <input type="checkbox"/> Pre/post <input type="checkbox"/> Post-only <input type="checkbox"/> Weekly <input type="checkbox"/> Monthly <input type="checkbox"/> Quarterly <input checked="" type="checkbox"/> Other (please explain): When clients attend or access referred programs and/ or services | <input type="checkbox"/> Compare post results to pre results <input type="checkbox"/> Analyze changes (decreases/increases) at each time the data is collected/each time the tool is completed <input type="checkbox"/> Include retrospective pre/post (comparison) questions on post-only surveys <input checked="" type="checkbox"/> Staff verified with clients or providers that all services were received by those who attained this outcome. <input type="checkbox"/> Other (please explain): | <input type="checkbox"/> Excel <input type="checkbox"/> Survey Monkey <input type="checkbox"/> Social Solutions/ ETO <input checked="" type="checkbox"/> Apricot <input type="checkbox"/> External Evaluator <input type="checkbox"/> SPSS <input type="checkbox"/> Hand tabulation <input type="checkbox"/> Other (please explain): | Clients will achieve this indicator if they participate in or access programs or services to which they were referred by the case manager. | 75% (225/ 300) of clients will participate in/access the programs/services referred by the case manager. | 80% (228/285) of clients participated in/accessed programs/services referred by the case manager. |

New Question: Outcome Equity

New (optional) question:

- ***Did you observe any differences in outcome attainment for the racial/ethnic demographics served through this project? What do you think is driving this disparity?***

There is an accompanying guide featuring:

- best practices
- case studies
- an example response
- index of key terms
- and additional resources

Financial Accounting: Project or GOS

- **Project Grants:** Please provide an accounting of expenses incurred and MMF funds expended to date. Complete both tabs of the **Status Report Financial Accounting** template.
- **General Operations Support:** Please complete the **Revenue Report Template**. Once completed, please combine with copies of the:
 - Statement of Financial Position/Balance Sheet
 - Statement of Activities/Income & Expense Statement for two (2) 12-month periods: one ending April 30th of the current year and one ending April 30th of the previous year
 - *Ex: May 2023-April 2024 (the grant period) plus May 2022-April 2023 (for comparison)*
 - These financials should be uploaded as one document

“While we are proud of all the hard work associated with the outputs and numbers provided, it is difficult to convey the impact of relationships between staff and clients, and [grantee] as a positive constant during difficult and dynamic times. Clients and staff faced the pandemic together and solved problems together, even when separated by physical distance, masks, or plexiglass barriers..”
