Public participation barrier checklist

Before you embark on your next community engagement initiative, you can cross-check if you have addressed every participation barrier with every community stakeholder group throughout the planning, design, delivery, and review phases.

☁️ **Describe your target stakeholder group:**

Potential participation barrers:	Will this prevent them from engaging?	How would this prevent them from engaging?	How can I overcome this barrier through the design, launch, and delivery of my engagement strategy?
Lack of Time			
Disability or impairment			
Distrust			
Digital Capability
